Glanbia to Start Distributing Nutrition 21 Ingredients

April 29, 2013

RELEVANT TOPICS

Glanbia will now co-market such Nutrition 21 ingredients as Chromax chromium picolinate.

[Glanbia Nutritionals](#) (Fitchburg, WI) has added several [Nutrition 21](#) (Purchase, NY) ingredients to its distribution portfolio.

Glanbia will now co-market such Nutrition 21 ingredients as Chromax chromium picolinate, Selenomax high-selenium yeast, SelenoPure L-selenomethionine, and Zinmax zinc picolinate to the North American food, beverage, and supplements markets.

"As an innovative ingredient with impressive scientific support, Chromax chromium picolinate is an excellent addition to our current product line," says Richard Hazel, CEO of Glanbia Nutritionals. "We are excited to work with Nutrition 21 to increase their current market presence and to add Chromax chromium picolinate and other Nutrition 21 ingredients to our ingredient portfolio."
