

Nitrosigine® is a patented complex of Bonded Arginine Silicate designed to deliver benefits essential for peak sports performance.

POWER FROM WITHIN™

Experience Nitrosigine's Power From Within™

30+

SUPPORTING RESEARCH STUDIES TO SUPPORT ITS EFFECTIVENESS

15+

PATENTS AND PENDING APPLICATIONS WORLDWIDE

The bonded combination of

ARGININE + SILICON

in Nitrosigine has been shown to:

increases blood flow and nitric oxide production

RESULTS YOU CAN SEE

Benefits of Increased Blood Flow with Nitrosigine:

FAST-ACTING

Nitrosigine starts working within 15 minutes!

SMALL DOSE = BIG RESULTS

A university study showed that 1.5 grams of Nitrosigine is as powerful as 8 grams of Citrulline Malate for increases in nitric oxide and blood flow.

LONG-LASTING

Nitrosigine increases blood arginine levels for up to 6 hours.

INCREASES MUSCLE PUMP

Maximizes muscle pumps and shows significant increases in muscle volume¹.

INCREASES NITRIC OXIDE PRODUCTION

Enhances delivery of oxygen and nutrients to working muscles.

COGNITIVE PERFORMANCE BENEFITS

Significantly increases cognitive function, mental acuity, and focus.

PUMP. NON-STIM ENERGY. FOCUS.
