

LUSTRIVA IS A COMPLEX THAT COMBINES BONDED ARGININE SILICATE WITH MAGNESIUM BIOTINATE

A new and superior form of biotin and silicon to promote
**HEALTHIER-LOOKING
HAIR AND SKIN**

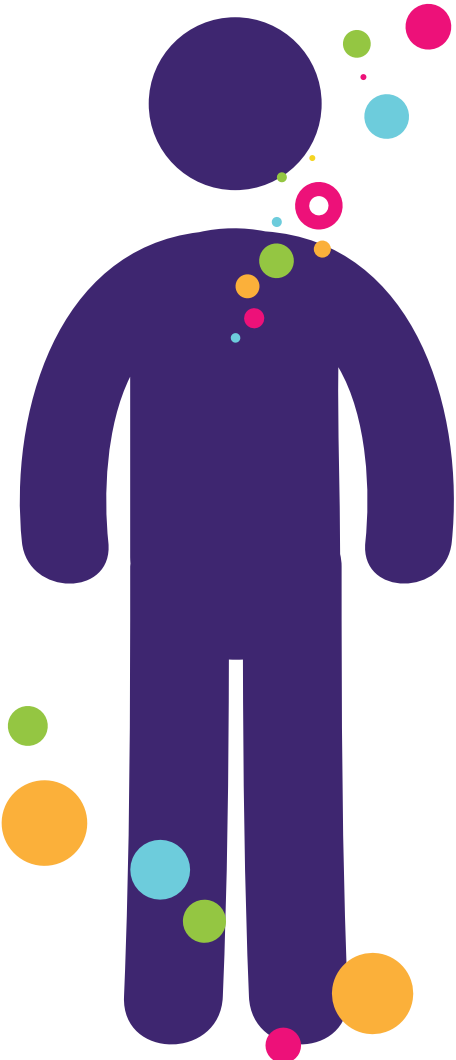

The Magnesium Biotinate Complex in Lustriva is unique in that it significantly

INCREASES BIOTIN SOLUBILITY

**40X
GREATER**

than D-biotin (commonly found in beauty products)

In pharmacokinetic studies, both Magnesium Biotinate and Bonded Arginine Silicate show

**SUPERIOR
ABSORPTION**

of biotin and silicon, respectively.

HAIR

**INCREASES
THICKNESS**

**INCREASES
DENSITY**

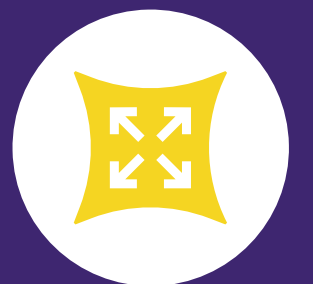

SKIN

**REDUCES
WRINKLES**

**IMPROVES
TEXTURE¹**

**IMPROVES
ELASTICITY³**

In a clinical study,

Lustriva

increased hair growth and thickness in as early as

3 WEEKS²

In a clinical study,

Lustriva

reduced fine lines & skin roughness in

12 WEEKS¹
